ABOUT FOCUS ON CHANGE

The Florida Rural Water Association (FRWA) presents the "Focus on Change" Seminar in conjunction with the Florida Department of Environmental Protection (DEP). The sessions are designed to provide the most current regulatory information available to utilities. FRWA is pleased to announce that the DEP Water, Wastewater, Operator Certification Sections and the Department of Health will be participating.

You will notice that this year's agenda includes several timely topics in the General Session and Breakout Sessions. You are encouraged to take the time to join us for what we anticipate to be an informative Training Seminar.

There is no charge for admittance for those not wishing to earn CEUs/PDHs, however you must pre-register as seating is limited. If you wish to receive CEUs/PDHs for the session a CEU/PDH processing fee will apply.
